GESTAO ORIGAMI, SÃO PAULO - BRASIL

RENEWABLES

- SECTOR ASSESSMENT
- MARKET ANALYSIS
- POSITIONING & MARKET TREND ANALYSIS
- SYSTEM SOLUTIONS
- MANAGEMENT CONSULTING

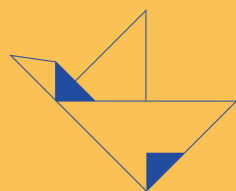

Founded in 2009, based on the belief in values that are intrinsic to the sustainability of a society, Gestao Origami works in partnership with national and international enterprises and organizations to find simple and practical solutions to the most complex challenges in the market and society.

We believe that the development of institutions in addressing socio-environmental challenges leads to a more solid and perennial economy, multiplying the generation of shared value.

They are a multidisciplinary group with experience in diverse sectors of the economy, dedicated to the development of innovative and effective approaches for the identification and addressing of pressures, tendencies and opportunities, aiming to carry out business with purpose and the generation of social, environmental and economic impacts in the short, medium and long term.
